ujuzi.com.ng is an Online Educational Content distribution and delivery platform managed and owned by Aspire Solutions and Innovations.

Our aim is that students should be able to go through university without having to pay for textbooks. We hope to achieve this by publishing free and openly available etextBooks.

How is this possible

We finance our textbooks with a low number of high quality advertisements. We have set a 15% advertising limit per book. This limit has been set together with professors, business professionals, and student organizations in order to ensure the whole experience is in line with the high quality level of our books.

Other platforms under the uJuzi bouquet are;

SS

-www.ujuzi-tv.com is an online Educational TV station that'll feature some of the best Educational and academic video content.

-www.ujuzi.com.ng/college is an online free courses college for all. We envision a future where everyone has access to a world-class education that has so far been available to a select few.
